West Basin Municipal Water District's Water & Energy Smart Expo

*Saturday, May 21, 2011 from 9:00 am to 12:00 noon
Edward C. Little Water Recycling Facility – El Segundo*

South Bay Environmental Services Center (SBESC) provides critical energy and water saving information to businesses, residents, municipal governments, school districts and other special agencies. Through its partnership with West Basin Municipal Water District, SBESC has the following important bulletin:

South Bay - Don't miss the Water & Energy Smart Expo! Please join West Basin Municipal Water District and its project partners SCE, WRD, Cal Water Service Co, Golden State Water Co, MWD, and the South Bay Environmental Services Center in an educational experience that will help reduce your water and energy use at home and at work. There will be FREE Hands-on Workshops and Demonstrations, FREE tours to see how water is made, FREE Mulch, and the opportunity to visit SCE's Mobile Energy Unit. A highlight will be at the ENERGY UPGRADE CALIFORNIA (EUC) exhibit where homeowners will be able to interact with participating EUC contractors and learn more about the opportunities to receive up to \$4,500 in rebates and incentives for completing qualifying energy-saving home upgrade projects.

SBESC

The SBESC is the South Bay's local clearinghouse for energy and water efficiency training, materials and other environmental information. SBESC works closely with the sixteen South Bay cities and County Unincorporated Areas of the South Bay on the implementation of energy and water saving projects that reduce greenhouse gases as well as costs. SBESC provides resources and tools to assist residents, businesses, and public agencies in better understanding the potential for energy and water efficiency within their homes and businesses. The Center hosts a wide variety of seminars, training sessions, and participates in many community events to assist consumers in making the best decision regarding energy and water use. The SBESC is operated by the South Bay Cities Council of Governments (SBCCOG) which partners with The Gas CompanySM, Southern California Edison, West Basin Municipal Water District, City of Torrance Water Department, Sanitation Districts of Los Angeles County, Los Angeles County Metropolitan Transportation Authority, and County of Los Angeles. Visit www.sbesc.com for the latest activities, schedules and opportunities to participate in a greener South Bay.
