

Water Surveys for LADWP Commercial Customers

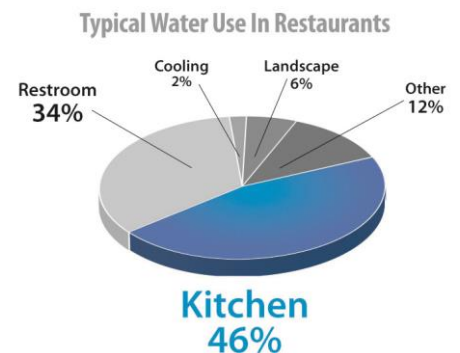

The South Bay Cities Council of Governments, in partnership with the Los Angeles Department of Water and Power, is offering FREE water-use surveys and conservation training for restaurants and commercial kitchens in Council District 15 communities of San Pedro, Wilmington, Harbor City, and Harbor Gateway. Participants receive training materials and can qualify for FREE water-saving devices such as:

- 💧 Pre-rinse kitchen sprayer
- 💧 Faucet aerators
- 💧 Faucet flow control valves

**Rebates are available for ice machines, electric steam cookers, and other kitchen or food service products.*

Restaurants and commercial kitchens use almost 50% of the total indoor water usage. Water is used for prepping food, handwashing, dishwashing, general cleaning, etc. By participating in the water-use survey program, restaurant management and staff will learn more efficient ways to use water.

Save Water, Energy, Money, and the Environment!

Call (310) 371-7222 to schedule your FREE water-use survey today.
