Energy Upgrade California and Water Reliability 2020: FREE Workshop for Inglewood Homeowners

SOUTH BAY – This event is in Inglewood on Monday, March 21, 2011 from 6:00 – 8:00 pm. **Energy Upgrade California and Water Reliability 2020 Workshop.** FREE workshop for **Homeowners** in the **City of Inglewood** on Monday, March 21st from 6-8 pm. DOLLAR\$ will be available for homeowners in the South Bay to upgrade their homes for energy and water efficiency. Through Energy Upgrade California in Los Angeles County, homeowners who complete qualifying energy-saving home upgrade projects can receive **rebates and incentives of up to \$4,500**. With a variety of improvement options, homeowners can increase their home's energy efficiency *and* reduce monthly utility bills. Water is something we all take for granted, yet the South Bay is faced with a challenging water situation. Water Reliability 2020 is a program that focuses on reducing the South Bay's dependence on imported water from 66% today to 33% by 2020. Please join the City of Inglewood and the South Bay Environmental Services Center to learn more about how you can maximize your investment by making your whole house healthier and more energy and water efficient and how you can participate in Water Reliability 2020. Free CFL bulbs for those in attendance. Location: Inglewood City Hall Community Room, One Manchester Blvd, Inglewood, CA. To register for the FREE class, please visit SBESC's website at www.sbesc.com or call 310-371-7222 ext 206. For more information about local events, programs and workshops please go to: www.sbesc.com.

###

SBESC – Save Water, Energy, Money and the Environment

The SBESC is the South Bay's local clearinghouse for energy and water efficiency training, materials and other environmental information. SBESC works closely with the sixteen South Bay cities and County Unincorporated Areas of the South Bay on the implementation of energy and water saving projects that reduce greenhouse gases as well as costs. SBESC provides resources and tools to assist residents, businesses, and public agencies in better understanding the potential for energy and water efficiency within their homes and businesses. The Center hosts a wide variety of seminars, training sessions, and participates in many community events to assist consumers in making the best decision regarding energy and water use. The SBESC is operated by the South Bay Cities Council of Governments (SBCCOG) which partners with The Gas CompanySM, Southern California Edison, West Basin Municipal Water District, City of Torrance Water Department, Sanitation Districts of Los Angeles County, Los Angeles County Metropolitan Transportation Authority, and County of Los Angeles for Energy Upgrade CaliforniaTM. Visit <http://www.sbesc.com> for the latest activities, schedules and opportunities to participate in a greener South Bay.
